4. (Confidential - GLC) Received a call from Rady Johnson, Assistant to the Secretary of Defense (Legislative Affairs), who said they had been discussing with Senator Stennis possible action on the Senate floor with respect to the Foreign Assistance Act which is to be voted on in the Senate today. Johnson said that Deputy Secretary of Defense Packard talked briefly with Senator Stennis yesterday.

DOD expects Senator Stennis to offer an amendment to delete all of Section 512 but they feel the Senator would have difficulty in obtaining the deletion of all of Section 513 on the Senate floor. DOD has talked to Roy Bullock, Staff Administrator, House Foreign Affairs Committee, who said he thought that Committee would be willing to knock out Section 513 when the bill goes to conference. Johnson said some thought is being given to asking Senator Stennis to move to delete Laos, South Vietnam, and Cambodia from Section 513 leaving Thailand, Burma, and North Vietnam subject to the restrictions of that section.

25X1A I told Johnson I thought we would have problems with this and, after
checking with [REDACTED] C/FE, confirmed that we would not want to see
any action taken in the Senate on a partial deletion which would foreclose
25X1A deletion of the entire section by the House Committee in conference. I
passed on [REDACTED] comment that leaving Thailand, Burma, and North
Vietnam in the amendment would preclude even such action as possible
raids on opium refineries in some of these areas. I said we would be
opposed to any split deletion as a final measure. Johnson said he understood
25X1A and particularly liked [REDACTED] comment about drug raids.

5. (Confidential - GLC) Received a call from Stuart French, ISA, DOD, concerning a letter that Lawrence S. Eagleburger, ISA, has received from Senator Strom Thurmond urging the declassification of the Penkovskiy Papers. French said he would like to send the correspondence over to us for our views and suggestions as to a further answer to Senator Thurmond.

6. (Confidential - GLC) The DDI called to ask if we would prepare a list of Members of Congress who have had access to compartmented information. He said a question has been raised about the possibility of briefing Members and committees who have had access to this information in connection with SALT developments. I told Mr. Proctor we would have a list available for him on Monday.

10. (Confidential - GLC) Received a call from Rady Johnson, Assistant to the Secretary of Defense (Legislative Affairs) and his Deputy, General James Lawrence, inquiring as to what action we were taking with respect to possible amendments to the Foreign Assistance bill as it was reported by the Foreign Relations Committee. I told them we had problems with a number of sections of the bill which were basic policy decision matters within the Administration and which we understood either Defense or State Department were "bird dogging." (I reviewed briefly with them the specific sections which gave us trouble as indicated in our spread sheet.) I added, however, that to avoid becoming involved in these policy matters and running up the backs of DOD and State in their efforts, we were restricting our work to the provisions of Section 405(b) of the bill concerning the responsibility of the State Department and other departments and agencies in providing the Foreign Relations and Foreign Affairs Committees with information. I told them of my meetings with Ed Braswell and Jim Woolsey, of the Senate Armed Services Committee staff, and Senator Stennis' agreement to introduce the amendment which we had suggested. They felt that our proposal would satisfy everyone's requirements quite satisfactorily.

General Lawrence mentioned that a meeting had been called in Clark MacGregor's office for 9:30 this morning and asked if we would be attending. I told him we had received word the LIG meeting had been canceled and had not been asked to attend any other meetings in the White House today.

25X1A 11. (Secret - GLC) Accompanied Messrs. William Parmenter and [REDACTED] of OCI, to a briefing of Dorothy Fosdick and Charles Horner, of the staff of the Senate Subcommittee on National Security and International Operations, on the situation in India and Pakistan. The meeting went well and seemed to satisfy their requirements completely.

6. (Unclassified - GLC) Bill Woodruff, Counsel, Senate Appropriations Committee, called and asked me about the status of legislation covering the funding of RFE and RL. I told him that as he recalled the Senate passed the bill originally proposed by Senator Case (S. 18) but the Foreign Affairs Committee, after hearings on the subject, had reported S. 18 with language substituted by Mr. Fascell which provides for one year of funding of the Radios by the State Department pending the completion of a study on the whole subject of support of other similar organizations. I said my last information was that the this was now pending in the House Rules Committee.

7. (Confidential - GLC) Jim Woolsey, Senate Armed Services Committee staff, called and said he would like to be brought up-to-date with respect to the status of intelligence on the Soviet ICBM "holes" sometime the early part of next week. I told him we would be in touch with him on this.

8. (Internal Use Only - JGO) Met with Mr. Frank Slatinshek, Assistant Chief Counsel, House Armed Services Committee, and received from him a copy of Chairman Hebert's letter of 21 October to Chairman Dulski, House Post Office and Civil Services Committee, concerning H. R. 11150.

11. (Internal Use Only - JGO) I talked to Lynn Harris, in the office of Representative William Minshall (R., Ohio), and confirmed with her Representative Minshall's luncheon with the senior seminar for 12 noon tomorrow, 28 October, in the Speaker's dining room. I finalized also for Representative Minshall the luncheon arrangements with Mr. Cowan and Mrs. Leakin, of the House restaurant.

13. (Confidential - JGO) I accompanied [REDACTED] C/EUR Division, to a meeting with Representative Ogden Reid (R., N.Y.) for debriefing on his recent trip to Poland and recent visits by Soviet representatives to Representative Reid's office. See [REDACTED] Memo for Record.

As we were departing, Representative Reid asked if I would get him the number of Mirage aircraft that have been delivered to Libya. After checking with [REDACTED] OSR, I advised Miss Edith Wilkie, Legislative Assistant to Representative Reid, that the figure "about 20" which was suggested by Representative Reid is within the ball park.

25X1A 1. (Confidential - GLC) On Saturday, 23 October, I received a call from Colonel Frank Burdell, DOD/ISA, concerning provisions in the Foreign Assistance Act (H. R. 9910) having to do with the use of advisors in Cambodia and the payments of salaries to foreign forces in Cambodia. After talking with [REDACTED] FE Division, I told Colonel Burdell that our involvement in Cambodia was quite small and I was not sure we had any problems with these sections as such but told him I planned to get the bill and report (which were released on Saturday) and look them over more closely.

2. (Confidential - GLC) Made arrangements with Alex Schnee, Congressional Relations Office of State Department, to obtain a copy of H. R. 9910 as reported by the Foreign Relations Committee and of the Committee report (92-404). This bill is scheduled as the pending business before the Senate on Tuesday, 26 October. Copies of these were run off and made available to Messrs. Houston, [REDACTED] for their review. 25X1A

3. (Confidential - GLC) At a meeting chaired by Mr. Maury and attended by Messrs. Houston, [REDACTED] the various sections of the Foreign Assistance Act were reviewed and a consensus reached concerning them for Mr. Maury's guidance in attending a Legislative Interdepartmental Group meeting in the White House Tuesday morning. 25X1A

4. (Confidential - GLC) Contact was made with Bill Woodruff, Counsel, Senate Appropriations Committee, and Ed Braswell, Chief Counsel, Senate Armed Services Committee, regarding the general impact upon the Agency of the Senate amendments to H. R. 9910. Particular reference was made to Section 405(b) of the bill which would make the State Department responsible for keeping the Foreign Relations Committee and Foreign Affairs Committee "fully and currently informed" regarding the activities of all departments and agencies. It would require those agencies to provide any information requested by either of these Committees concerning their activities and responsibilities. Braswell said he thought Senator Stennis would be willing to take issue with the jurisdictional aspects of the bill and suggested we provide the staff with backup material for this purpose and those papers are being prepared.

9. (Confidential - GLC) John Lehman, of the White House staff, called to determine those sections of the bill which were of particular concern to the Agency. I told him that we were concerned about a number of sections of the bill as were other members of the Executive Branch, but we had special problems with Section 405(b) concerning responsibilities of departments and agencies with respect to the Foreign Relations and Foreign Affairs Committees and with Section 655 which applied to Cambodia, the amendment previously placed in the Military Procurement Act by Symington establishing a ceiling on operations in Laos. It developed that Lehman did not have a copy of the bill as reported out or of the Committee report and copies of these documents were forwarded to him. 25X1A

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 26 October 1971

1. (Confidential - JMM) Attended a LIG meeting at the White House where the Okinawan treaty and amendments to the Foreign Aid bill were discussed. See Memorandum for the Record.
2. (Unclassified - JMM) Miss Karen Kay, of Senator Ernest Hollings' (D., S.C.) office, said she had been unable to confirm with the Senator his availability to talk to our Senior Seminar some time Thursday, 28 October, but would let us know as soon as possible.
3. (Unclassified - JMM) Called Darrell St. Claire, Chief Clerk of the Senate, who confirmed his availability to speak to our Senior Seminar if Senator Hollings was unavailable.
4. (Confidential - JMM) George Berdes, on the staff of the Subcommittee on National Security Policy and Scientific Developments of House Foreign Affairs Committee, called to confirm the request that Mr. Duckett brief the Subcommittee on the Soviet strategic situation at 10 a.m. on 4 November in Room 2255 of the Rayburn Building. Berdes said that in accordance with our request they were sending personal notes to the members rather than announcing a formal Subcommittee hearing.
5. (Secret - JMM) Met with Senator Milton Young (R., N.D.) and alerted him to our concern over a number of amendments to the Foreign Aid bill. He said he would be glad to do what he could for us and would let me know if he wanted further details.
I briefed Senator Young on recent developments regarding Soviet ICBM and ABM programs, submarine construction, advanced aircraft, India/Pakistan situation, and the still unclear picture regarding China.
Senator Young mentioned that he had attended a Republican caucus this morning where resentment towards some of our former allies ran so high over the eviction of the Chinese Nationalists from the UN that the whole Foreign Aid bill was threatened.

25X1A 1. (Confidential - JMM) Senator Peter H. Dominick (R., Colo.) called to say he would appreciate a briefing on Soviet strategic weapons, particularly naval capabilities and naval construction, but also including offensive and defensive missiles and developments in the Cuban area. [REDACTED] OSR, will give the briefing at 3:00 p. m. tomorrow, 21 October, in the Senator's office.

2. (Confidential - JMM) Representative Peter Frelinghuysen breakfasted with Agency officers concerned with South Asia and reported on his impressions from recent travels to India and Pakistan.

3. (Confidential - JMM) Talked to Mr. George Berdes, on the staff of the Subcommittee on National Security Policy and Scientific Developments of House Foreign Affairs Committee, and explained that we would be glad to provide the briefing on the Soviet strategic situation requested by Chairman Zablocki for his Subcommittee. I said, in accordance with established ground rules, the briefing would have to be unofficial--not a formal session of the Subcommittee; that it would be strictly "off the record," with no transcript or attribution; and that under these conditions we could provide material on a top secret basis. Berdes assured me that he and any other staff members who may attend would have top secret clearances. He said the briefing was in connection with current hearings on the SALT talks, and I explained that we would have to stick to the Soviet strategic situation and not get into any policy matters regarding SALT. This Berdes agreed to. He said a similar briefing by Mr. Duckett had been well-received and he hoped Mr. Duckett would be available this time, tentatively scheduled for 10:00 a. m., Thursday, 4 November.

4. (Internal Use Only - JGO) Delivered a copy of the book "Water on the Brain" by Compton McKenzie on loan for Mr. Russ Blandford, House Armed Services Committee staff, and Chairman Nedzi, Intelligence Subcommittee.

(Confidential - JMM) Mr. Roy Bullock, Staff Administrator, House Foreign Affairs Committee, called to say that Chairman Clement Zablocki of the Subcommittee on National Security Policy and Scientific Developments, would like a briefing on the Soviet strategic situation similar to the one given the year before last by Mr. Duckett. Bullock said that Chairman Morgan, of the full Committee, was agreeable to any way we handled it, but suggested we make sure that we give Zablocki's Subcommittee the same kind of treatment we recently gave the Hamilton Subcommittee. Bullock said Mr. Hamilton apparently was well pleased with the briefing his Subcommittee had received.

9. (Internal Use Only - JGO) Met with Mr. Charles Whitley, Administrative Assistant to Representative David Henderson (D., N. Car.), who told me that the Aycock case has been settled administratively by the Department of Army and thanked me for such assistance as the Agency might have provided in review of the case. 11. (Confidential - JGO) Met with Mr. Garner J. Cline, House Immigration and Naturalization Subcommittee, who told me that the report has not yet been issued on [REDACTED] He also said that appropriate contact will be made with the official objectors prior to the time that this bill reaches the floor of the House.
